## BOARD OF EDUCATION

The Board of Education of Kremlin Public Schools is proud of the work done by the school this year. The co-operation shown by the community has demonstrated your interest in the education of our youth.

We thank you for your support and interest, with continued harmony, the school and student will reflect your pride in the schools of this community.

# SUPERINTENDENT'S MESSAGE

Genius has been defined as the ability to "do a common task, uncommonly well." Great men of our civilization have proved this many times. It is the goal, the desire of education that the product, our students, will be able to do your tasks "uncommonly well." Whether the task be great or small, we should make every effort to see that nothing is left to chance. When we discover that "events are the results of planning - or the lack of it" we appreciate the fact all of us should do our tasks "uncommonly well."
